Prayer:

LIFE LESSONS FROM THE WORD

Wisdom along the way...as we travel life's highways and byways we come to junctions in the road, places where we must make decisions, sometimes life altering decisions, so this subject of wisdom then plays an important role as we roll down life's road. Solomon wrote these words letting us know that when we come to those junctures wisdom is there. "At the highest point along the way, where the paths meet, she takes her stand;" (Pr. 8:2, NIV). Listening to these words and accepting the wisdom that God makes available to each of us we need to realize that when we are in those places of decision, those high places of life, God is there, He is there to give us counsel and share His plan with and for us. Wisdom, and this is God's wisdom, says right here she takes her stand, meaning that she is there to show us the way, to give us what we need for the moment.

Wisdom that comes from God is constantly available for all those who choose to follow Jesus, all we need do is ask, and believe that what we are told or what we are given is true and is best for us as we follow God and His ways. Now this is not to say that it will always be clear and make sense to us, but if it is from God we can know it is best.

We will travel many roads and come across many high places during our time here on our journey towards eternal life, wisdom is there to make a way, a way that will bring us to our final destination. We may still have difficulties, or I should say we will still have difficulties, and sometimes it may be hard to discern which path to take, but trust in the Lord and He will direct your paths.
